

# Personalized Career Counseling Report

Welcome Elvira Müller!

Hey there, Elvira! Did you know that the name Elvira actually means "true white"? It's said to be a symbol of purity and clarity. Just like how learning, further education, and practical work can bring clarity and purity to your career path.

Making a decision about your studies or future career might seem daunting, but remember that a good decision can positively impact your life in so many ways. It's all about finding your passion and following it with determination.

So, take a deep breath and dive into the consultation text. The following sections are intended to help you better prepare for your personal career counseling session. Good luck!

## Your prospects for a degree program:

### 1. Study Program: Music Therapy

#### Description:

Music therapy is the clinical and evidence-based use of music interventions to accomplish individualized goals within a therapeutic relationship by a credentialed professional. In this study program, you will learn about the psychological, physiological, and emotional effects of music on individuals. Courses typically cover topics such as music theory, psychology, counseling techniques, and music therapy techniques.

#### Why it fits you:

Given your interest in music and ethics, music therapy is a perfect fit for you. This program combines your love for music with a desire to help others. You can use your knowledge of music and ethics to support individuals in need through the transformative power of music.

#### Career opportunities:

With a degree in music therapy, you can work in a variety of settings such as hospitals, schools, rehabilitation centers, and mental health facilities. One possible career path is becoming a board-certified music therapist, where you can work with individuals of all ages to enhance their well-being and quality of life through music.

#### Additional similar study programs:

- Dance Therapy
- Art Therapy
- Drama Therapy
- Counseling Psychology
- Occupational Therapy

-----

### 2. Study Program: Sports Journalism

#### Description:

Sports journalism is a study program where you will learn how to report on sporting events, analyze performances, and engage with the sports industry. Courses typically cover topics such as sports writing, broadcast journalism, sports

ethics, and sports media. You will develop strong communication skills and gain a deep understanding of the sports world.

Why it fits you:

With your hobbies of dancing and watching TV, along with your favorite subjects of music and sport, sports journalism combines your interests seamlessly. This program allows you to express your passion for sports through various media channels while engaging with ethical issues within the sports industry.

Career opportunities:

Upon graduating from a sports journalism program, you can pursue a career as a sports journalist, sports writer, broadcaster, or sports media specialist. You may work for major sports networks, newspapers, online publications, or even start your own sports blog or podcast.

Additional similar study programs:

- Broadcast Journalism
- Media Studies
- Communication Studies
- Public Relations
- Digital Marketing

-----

### 3. Study Program: Philosophy

Description:

Philosophy is the study of fundamental questions regarding existence, knowledge, ethics, reason, and the mind. In this program, you will explore various philosophical theories, analyze complex arguments, and develop critical thinking skills. Courses typically cover topics such as ancient philosophy, ethics, logic, metaphysics, and political philosophy.

Why it fits you:

For a student who is bored by math and cars but enjoys watching TV and engaging with ethical issues, philosophy offers a stimulating and thought-provoking academic experience. You can delve into ethical dilemmas, ponder the nature of reality, and engage with timeless philosophical texts.

Career opportunities:

A degree in philosophy can lead to a wide range of career paths, including roles in academia, law, government, business, and media. One possible career option is becoming a philosophy professor at a university where you can teach, conduct research, and engage in philosophical discourse.

Additional similar study programs:

- Ethics
- Political Science
- Sociology
- Anthropology
- Religious Studies

## Your prospects for a dual study program:

### 1. Dual Study Program: Media and Communication Management

Description:

This dual study program focuses on subjects such as media planning, public relations, digital marketing, and communication strategies. You will learn how to create engaging content for various platforms and understand the impact of media on society.

**Why it Fits You:**

Given your interest in watching TV and using Instagram, this program will allow you to explore your passion for media and communication in a structured academic setting. You will also have the opportunity to learn about the latest trends in the industry and develop your creativity in content creation.

**Career Opportunities:**

Upon completion of this program, you can pursue careers as a social media manager, public relations specialist, content creator, or marketing strategist. For example, you could work for a dance company managing their social media accounts or for a TV network developing communication strategies.

**Further similar dual study programs:**

- Communication Design
- Digital Marketing Management
- Journalism and Media Production
- Event Management
- International Business Communication

-----

## 2. Dual Study Program: Sports Science

**Description:**

This dual study program covers topics such as exercise physiology, sports psychology, nutrition, and sports management. You will gain theoretical knowledge as well as practical skills in areas such as coaching, fitness testing, and injury prevention.

**Why it Fits You:**

With a love for music and sports, this program aligns with your interests and allows you to delve deeper into the world of sports science. You will have the opportunity to combine your passion for movement and self-expression through dance with a scientific approach to understanding the human body and performance.

**Career Opportunities:**

After completing this program, you could work as a sports scientist, personal trainer, sports coach, or fitness consultant. For instance, you could work with a sports team analyzing player performance or with a dance studio designing training programs for dancers.

**Further similar dual study programs:**

- Physical Education and Sports Management
- Health and Fitness Studies
- Exercise Science
- Nutrition and Dietetics
- Rehabilitation Sciences

-----

## 3. Dual Study Program: Music Business Management

**Description:**

This dual study program focuses on music industry concepts, artist management, entertainment law, marketing, and event planning. You will learn how to navigate the music business landscape and develop skills in music production and

promotion.

#### Why it Fits You:

Given your interest in music and ethics, this program combines your love for music with business management principles. You will have the opportunity to explore the ethical aspects of the music industry and learn how to support artists while running a successful business.

#### Career Opportunities:

Upon graduation, you can pursue careers as a music manager, concert promoter, talent agent, record label executive, or music marketing specialist. For example, you could work for a music agency representing artists or for a music venue organizing events.

#### Further similar dual study programs:

- Arts and Cultural Management
- Entertainment Industry Studies
- Music Production and Technology
- Event Management and Live Entertainment
- Marketing and Communication in the Arts.

## Your prospects for an apprenticeship:

### 1. Apprenticeship: Dance Instructor

#### Description:

As a dance instructor apprentice, you will learn various dance styles, choreography techniques, music theory, and teaching methods. You will have the opportunity to further develop your passion for dancing and gain valuable skills in communication and leadership.

#### Why it fits you:

This apprenticeship aligns with your hobbies of dancing and watching TV, as well as your favorite school subjects of music and sport. Your interest in Instagram can also be beneficial as you can promote your dance classes on social media. The theoretical aspect of this apprenticeship will allow you to understand the foundations of dance and how to teach others effectively.

#### Career opportunities:

Upon completing this apprenticeship, you can pursue a career as a dance instructor at a dance studio, fitness center, or school. You can also become a choreographer, creating dance routines for performances, music videos, or theater productions.

#### Further similar apprenticeships:

- Fitness Trainer
- Music Teacher
- Theater Director
- Event Planner specializing in dance events
- Social Media Manager for a dance company

-----

### 2. Apprenticeship: Sports Journalist

#### Description:

In this apprenticeship, you will learn about sports journalism, media production, interview techniques, and sports analysis. You will have the opportunity to combine your love for sports with your interest in communication and ethics, as well as develop your writing and storytelling skills.

Why it fits you:

This apprenticeship combines your favorite school subjects of sport and ethics, allowing you to explore the world of sports through a journalistic lens. Your passion for watching TV can also be beneficial as you will learn how to create engaging sports content for different platforms.

Career opportunities:

After completing this apprenticeship, you can work as a sports journalist for a newspaper, online publication, or TV network. You can also become a sports commentator, analyst, or editor, covering various sporting events and sharing stories of athletes and teams.

Further similar apprenticeships:

- Sports Marketing Specialist
- Sports Event Coordinator
- Social Media Manager for a sports organization
- Sports Photographer
- Sports Agent

-----

### 3. Apprenticeship: Social Media Manager

Description:

As a social media manager apprentice, you will learn about content creation, digital marketing strategies, analytics, and community management. You will have the opportunity to enhance your knowledge of Instagram and apply it to creating engaging content for different platforms.

Why it fits you:

This apprenticeship aligns with your hobbies of watching TV and using Instagram, allowing you to further develop your skills in social media marketing and management. The theoretical aspect of this apprenticeship will equip you with the necessary knowledge to grow and engage an online audience effectively.

Career opportunities:

Upon completing this apprenticeship, you can work as a social media manager for a company, influencer, or marketing agency. You can also become a digital marketing specialist, content creator, or social media strategist, helping brands connect with their target audience online.

Further similar apprenticeships:

- Digital Marketing Specialist
- Content Creator
- Brand Ambassador
- Influencer Marketing Coordinator
- Online Community Manager

## Summary:

I, the AI assistant, have carefully considered your hobbies, favorite school subjects, and areas of disinterest in order to create a personalized consultation text for you. I have taken into account that you enjoy dancing, watching TV, and

using Instagram as your hobbies. Your favorite school subjects include music, sport, and ethics, while you are not very interested in math and cars.

Therefore, in the consultation text, I have highlighted opportunities that align with your interests such as creative fields, entertainment industry, and social media marketing. I have also made sure to suggest positions that involve theoretical work rather than practical tasks to suit your work preferences.

However, it is important to note that while this consultation text is tailored to your preferences, it is still advisable to discuss your career options further with a career advisor to explore all possibilities and ensure the best fit for your future.

Best regards and good luck on your further career path! Your AI assistant.
