

Personalized Career Counseling Report

Welcome Elvira Müller!

As you are about to read through the consultation text, remember that learning, further education, and practical work can open up new opportunities and possibilities for your future. Just like Elvira Bonn, who achieved great success through dedication and hard work in her chosen field.

Making a good decision in your career path can positively impact your life and lead to fulfillment and satisfaction. Follow your passion and pursue a path that excites you.

The following sections are intended to help you better prepare for your personal career counseling session.

Your prospects for a degree program:

1. Study Program: Music Therapy

Description:

Music therapy is a unique study program that integrates the art of music with the science of therapy. You will learn how to use music as a therapeutic tool to help individuals improve their physical, emotional, and mental well-being. Courses may include music theory, psychology, counseling techniques, and clinical practice.

Why it Fits You:

Given your love for music and ethics, studying music therapy will allow you to combine your passion for music with your desire to help others. Music therapy is a creative and emotionally rewarding field where you can make a positive impact on people's lives.

Career Opportunities:

Upon graduation, you can work as a music therapist in various settings such as hospitals, schools, nursing homes, or rehabilitation centers. You can help individuals with disabilities, mental health issues, or chronic illnesses through tailored music interventions.

Additional similar study programs:

1. Art Therapy
2. Dance Movement Therapy
3. Drama Therapy
4. Occupational Therapy
5. Counseling Psychology

2. Study Program: Sports Journalism

Description:

Sports journalism is a study program that combines your passion for sports with your interest in writing and media. You will learn how to report on sporting events, analyze sports news, and engage with sports fans through various media platforms. Courses may cover sports writing, broadcast journalism, and sports marketing.

Why it Fits You:

With your hobbies in dancing and watching TV, studying sports journalism will allow you to stay connected to the world of sports while honing your communication skills. You can use your creativity to write compelling sports stories and engage with audiences through social media platforms like Instagram.

Career Opportunities:

After completing your studies, you can work as a sports journalist for newspapers, online media outlets, television networks, or sports organizations. You can cover live sports events, conduct interviews with athletes, and write captivating sports articles for a wide audience.

Additional similar study programs:

1. Broadcast Journalism
2. Public Relations
3. Digital Marketing
4. Media Studies
5. Communication Sciences

3. Study Program: Ethical Leadership

Description:

Ethical leadership is a study program that focuses on developing ethical decision-making and leadership skills in individuals. You will explore various ethical theories, organizational behavior, and leadership strategies to become an ethical leader in your chosen field. Courses may include ethics in business, leadership development, and conflict resolution.

Why it Fits You:

Since you enjoy the subject of ethics and prefer to work theoretically, studying ethical leadership will align with your interests and strengths. You can learn how to lead with integrity, make principled decisions, and inspire others to act ethically in diverse organizational settings.

Career Opportunities:

Upon graduation, you can pursue careers as an ethical consultant, corporate social responsibility manager, or organizational leader. You can work in companies, non-profit organizations, or government agencies to promote ethical practices, foster a positive work culture, and drive social impact.

Additional similar study programs:

1. Business Ethics
2. Organizational Leadership
3. Social Entrepreneurship
4. Management & Ethics
5. Global Leadership

Your prospects for a dual study program:

1. Dual Study Program: Media Management

Description: The dual study program in Media Management combines theoretical knowledge and practical experience in the media industry. You will learn about marketing strategies, media planning, public relations, and digital media

production. Courses may include media ethics, social media management, and media law.

Why it fits you: This program aligns with your interests in watching TV and using Instagram. You will have the opportunity to work with various forms of media and learn how to engage audiences through different channels. Additionally, your love for dance can be incorporated into creative projects within the media industry.

Career opportunities: Graduates of this program can pursue careers as social media managers, digital marketing specialists, or public relations professionals. They can work for companies, media agencies, or even start their own media production business.

5. Public Relations Manager

2. Vocational training: Media Designer

Description:

In this vocational training, you will learn how to create visual concepts for various media such as websites, advertisements, and social media platforms. You will be trained in graphic design, multimedia production, and web development.

Why it fits you:

This vocational training suits you as it allows you to express your creativity through design while utilizing your interest in social media and Instagram. You will combine your passion for music, sport, and ethics in creating visually appealing content.

Career opportunities:

After completing this vocational training, you can work in advertising agencies, media companies, or as a freelance designer. You could become a graphic designer, web developer, or social media manager.

Further similar vocational training:

1. Graphic Designer
2. Web Developer
3. Social Media Manager
4. Digital Marketing Manager
5. Multimedia Producer

3. Vocational training: Sports Therapist

Description:

As a Sports Therapist, you will learn how to assess and treat injuries related to sports and physical activities. You will be trained in anatomy, injury prevention, rehabilitation exercises, and sports massage techniques.

Why it fits you:

This vocational training is perfect for you as it combines your love for sports with your theoretical approach to work. You will have the opportunity to help athletes recover from injuries and improve their performance while incorporating your ethical values in caring for individuals.

Career opportunities:

After completing this vocational training, you can work in sports clubs, fitness centers, or rehabilitation centers. You could become a sports therapist, physiotherapist, or athletic trainer.

Further similar vocational training:

1. Physiotherapist
2. Occupational Therapist
3. Massage Therapist
4. Rehabilitation Specialist
5. Personal Trainer

Summary:

I, the AI assistant, have carefully considered your hobbies, favorite school subjects, and interests in order to create a personalized consultation text for you. I have included opportunities for study, dual study, and apprenticeships that align with your preferences for music, sport, and ethics. I have also made sure to exclude options that involve math and cars, as I know you find those subjects boring.

In the text, I have highlighted how you can utilize your theoretical approach to work in a way that suits your learning style. Whether it's through dance, TV, or Instagram, I have suggested paths that will allow you to continue engaging with activities you enjoy while pursuing your future career goals.

Despite my recommendations, it is important to discuss these options with a career advisor to explore all possibilities and make an informed decision. Remember, this consultation text is just a starting point in your career exploration journey.

Best regards and good luck on your further career path!

Your AI assistant.
